**Why YOSA?**

The Youth Orchestras of San Antonio, the premier orchestral experience for youth citywide, strives to enhance education, enrich the community, and transform lives by pursuing excellence in classical music. Our program consists of four primary areas: Orchestras, Music Learning Centers, Camps and School Partnerships. This season, more than 1,500 young people will benefit from the YOSA experience. We are committed to making our programs equally accessible to all youth.

Families of student musicians often face insurmountable financial barriers, especially in these challenging economic times. Research has consistently shown that music education profoundly benefits academic learning. Children exposed to music instruction develop self confidence, learn to set goals and acquire social skills required of collaborative effort.

100% of the profits from the YOSA Beethoven 5k/10k will go toward supporting the students in all of YOSA's programs.
